

## ORCHESTRA 60X60

<http://www.voxnovus.com/orchestra60x60>

Vox Novus is pleased to announce a **Call for Conductors and Orchestras** to participate in a collaborative new music project of historic scope: **Orchestra 60x60**.

**Orchestra 60x60** is inviting conductors and their orchestras to collaborate in presenting a worldwide series of one hour concerts consisting of 60 one-minute compositions by 60 different composers.

Vox Novus will issue a call for composers to create new 60-second compositions for orchestra or any subset thereof. 60 works will be selected for performance. Together, these 60 will create new a one-hour macro-composition that takes into account form, dramatic arc, minute-to-minute transitions, and the overall performance hour. Although the score will contain 60 one-minute pieces, it will be a single one-hour composition. This new score is Orchestra 60x60, which each participating orchestra will perform at least once during the 2010-2011 concert season.

Orchestra 60x60 builds on the growing success and popularity of our 60x60 project. Designed to embrace a diverse range of compositional aesthetics, styles and techniques, 60x60 presents a slice of the contemporary music scene. A recent 60x60 performance, hailed by the New York Times as a "masterpiece of organization" and the "kind of madness that makes the cultural world go round," drew an audience of 2000, including 1200 school children! Just imagine the kind of audience Orchestra 60x60 will draw to a worldwide series of orchestral concerts!

An important mission of 60x60 is to reach new audiences. Orchestra 60x60 will build new audiences for orchestras while reinvigorating loyal patrons. The programming of this distinctive project by so many orchestras will assuredly capture the attention of the press. Vox Novus will coordinate and assist with press and promotion so that our combined effort draws unprecedented attention and interest. Also to differentiate this project from the electronic 60x60 project and to insure performance attendance, Orchestra 60x60 will not be recorded or broadcast. The only way to hear this innovative and inspiring project is to attend a concert in person. Orchestra 60x60 is specifically designed to strengthen symphonic performance and outreach.
